NEED TO SEE A DOCTOR?

ON-THE-CLOCK CARE with CareATC

Got high blood pressure? Diabetes? Feeling down?
You can get help—without losing pay or getting points.

GE Appliances cares about your wellbeing. That's why you can use ON-THE-CLOCK Care with CareATC to go to the doctor during your shift with no impact to your attendance record.

Here's how it works

Step 1: Schedule your appointment

Step 2: Get it approved Pick up a signed, Excuse-to-Leave-the-Line form from HR and have your manager or ABL sign it.

Step 3: Go to your appointment Clock out when it's time to leave. After your visit, bring back your doctor's note.

Step 4: Clock back in Give the note to your manager. They'll fix your time punches before the next pay period.

How many visits are paid during ON-THE-CLOCK Care?

Visits 1–4: ***Paid*** during your visit, no impact on your attendance record

Visits 5–12: ***Unpaid*** during your visit, with no impact on your attendance.

CareATC keeps track of your appointments and will let you know when you reach your limit.

"I can visit a healthcare provider while I'm at work. I see my physician without losing any of my free time. This will also help me save money."
